

Guayaquil City Tour

You will visit the main attractions of the city of Guayaquil; 9 de Octubre Boulevard, Malecon Simon Bolivar (2 miles of water front, plazas, monuments, botanical gardens & more), Cathedral, Seminario Park (home to exotic tree Iguanas), Santa Ana Hill & the neighborhood of Las Peñas (the oldest part of the city). A visit to a Panama hat factory is also available upon request at no additional cost.

Most of the time we will try to combine panoramic driving through the city with a pleasant walking experience (depending on your personal interests, weather conditions, season, etc). Your local tour guide will provide you with a brief explanation about how to personalize the tour in order to have an unforgettable experience during your stay in 'The Pearl of the Pacific'.
