

Coastal & forest birds

We have selected the best sites along the coast and nearby forest for bird watching.

Your first official site is Pacoa salt pools for aquatic birds; then your naturalist guide will take you to other sites along the route. You will have lunch to recover your energy.

In the afternoon you will visit Chongon Colonche mountain range sites to observe more species of birds.

Return to Guayaquil.

The excursion includes:

- Private transportation
- Staff: bird watching guide & driver
